LEADERS OF TODAY

Clients nowadays are driven by highly multi-faceted projects in a highly complex and changing market with a trend to getting projects completed on time and in the most cost efficient manner and to the best quality.

Meinhardt provides a true 'one-stop shop' for project delivery, to whatever scale you require. We manage a single complex project or a complete programme of capital investment and can draw on our in-house technical capability to provide a comprehensive service for our clients.

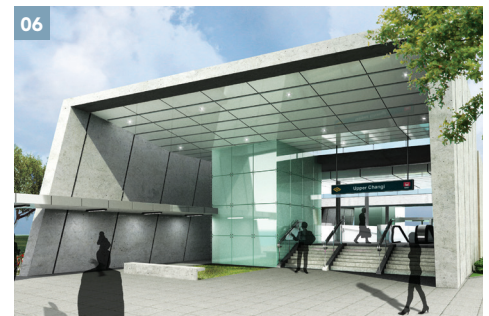

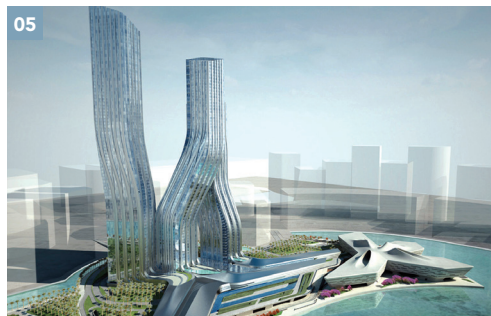

Supported by our Center of Excellence (CoE) and Project Management Office, we offer seamless integration from start to finish with quality outcomes, coupled with a flexible attitude, our project management capability brings it all together.

We match project management teams to our customers' unique needs and expectations. Armed with local knowledge and supported by Meinhardt's group-wide skills, systems and procedures, we deliver projects, no matter the complexity – on time, on schedule and within budget. Our delivery philosophy is to create a world-class client experience second to none to become our clients trusted advisors.
